Creating Traffic Flow Policies

Ben Piper
AWS CERTIFIED SOLUTIONS ARCHITECT
https://benpiper.com

Traffic Flow Components

Traffic flow visual editor

Drag-and-drop GUI for creating resource records

Generates a traffic policy

Policy Record

Created from a traffic policy \$50 USD per month

Creating Traffic Flow Policies

Geoproximity Routing Policy

Routes traffic based on proximity to an AWS region

Demo

Create a traffic policy using the traffic flow visual editor

Learn where to create a policy record

Summary

Traffic flow visual editor lets you easily create traffic policies

Policy records aren't free

Geoproximity routing policy is only available via traffic policies

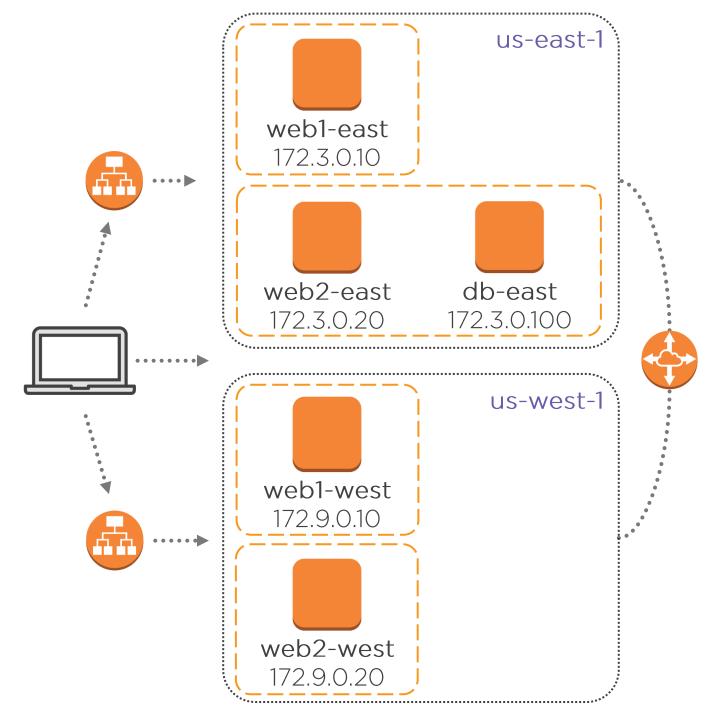

Coming Up Next

Load balancing with multivalue answer records
